5. A statement has been prepared showing the several minor heads, sub-heads of account, sub-heads of appropriation and the detailed heads which will have to be opened under the new major head '85-A' with reference to the remarks of Development on pp. 6-12 above and the modified suggestions of the Auditor General on pp. 19-20 c.f. and is put up at flag (X). It provides for the heads to be opened for recording the expenditure on Purchase and distribution of manure by the Dir. of Agri. for which this Dept. recently agreed to the opening of a personal ledger account. It also provides for another trading scheme, in manufacture of malt and malt extract products for which no personal ledger - account will be necessary. Dev. may be requested to state very urgently in consultation with the D.A. whether any other Agricultural Trading Schemes should be provided for under the Major head '85-A' and to specify the necessary sub-heads of account, sub-heads of appropriation and detailed heads for them.

They may also be requested:--

(i) to ascertain from the Yarn Commissioner with reference to the orders at N on p. 10 above whether the sub-heads of appropriation shown in col. (3) against the sub-head of account " C. Handloom cloth including handloom standard cloth' are suitable and complete, and what detailed heads, if any, are necessary under them;

(ii) to state whether they accept the heads of account as shown in the statement at flag (X); to suggest what centages charges should be levied for cost of supervision in the case marked at K, M and N on pp. 3-4 of (X) and whether they should be levied in other cases also.

(iii) to treat this file as extremely special as orders have to be issued very urgently, after obtaining the consent of the Accountant General, so that the heads of departments concerned may prepare and submit to Govt. in time the R.E. for the current year and the B.E. for next year and to return it to this Dept. with their remarks not later than the 7th October 1943 or earlier if possible.

Handloom cloth including handloom standard cloth:

The P.T.C. Suggests the following sub-heads of appropriation and detailed heads:--

Sub-heads of appropriation.	Detailed heads.
1. Master weavers.	(i) Purchase of yarn. (ii) Cost of cloth. (iii) Overheads.
2. Collective weaving Centres.	(i) Purchase of yarn. (ii) Payment of wages. (iii) Overheads.
3. Centage charges.	

For orders whether the heads suggested may be accepted.

2. Centage charges: For the reasons given in paras 2(i) and (ii) on pp. 43-44 c.f., the P.T.C. considers that it is not necessary to adopt any centage charges. If this is not agreed to, the P.T.C. suggests that the items mentioned at A on p. 44 c.f. may be bedited to centage charges. This Dept. may agree with the P.T.C.

Please see the remarks of the Board of Rev. (C.S.) at pp. 45-46 c.f. on the suitability of the minor head and detailed heads proposed to be opened for food supply scheme under the new Capital Major head '85-A'.

The presumptions expressed by the Board at M and N on p. 45 c.f. are correct.

The Board has made the following two suggestions for opening a new sub-head and detailed head:--

(i) that the amount of losses may be shown under a separate detailed head which may be opened under the sub-head of account 'A' preferably under each commodity and

(ii) that a separate sub-head 'F' Deduct Recoveries with two detailed heads as shown at P on p. 45 c.f. be opened under the minor head 'C'.

The suggestions of the Board seem acceptable. For orders whether they will be accepted.

As regards the centage charges to be levied for the cost of supervision it is submitted that this Dept. may agree with the suggestion of the Board in para 4 on p. 48 c.f.

Thro' F-I, A-I, E and J Sec. C.V.N. R.M.S.

Attention is invited to the D.A.'s letter on pp. 47-48 c.f. This Dept. may agree with the D.A.

A slight alteration is also suggested at X on p. 3 of (X) as D.A. has been authorised to purchase fish guano also.

The D.I.& C. has agreed to the heads of accounts indicated at ~~X on pp. 4-5~~ of (X) and has proposed addl. sub-heads of appropriation under 'B. Kollegal Silk Filatures' and "Handmade paper". Suitable subhead of appropriation for "Rent rates and taxes have to be included in the case of the Silk Filature Factories and the production of non-textile goods. The D.I.& C.'s suggestions in this regard may be agreed to in this Dept.

Centage charge: The remarks of the D.I.& C. in para 2 at p. ~~50~~ 3 c.f. may be accepted.

With reference to this Dept. note ~~at "D"~~ on page ~~14~~ abov the Dir. of Agriculture, the Textile Commr. and the Commr. of Civil Supplies have made suggestions in regard to the rates of centage charges to be levied for the different concerns under their control. It is submitted that the question of the rates of centage to be levied requires careful examination and it may be dealt with separately by Development as that has no direct relation to the question of classification dealt with in this file. Orders on the latter question (Classification) have to be issued very urgently, and there will be ~~xxxxxxxxx~~ unnecessary delay if the question of rate of centage is dealt with in this file. In connection with the opening of a new head of account '85-A - Capital outlay on Pioneer schemes connected with the war, 1939, Dir. Dept suggested a sub head for 'Centage relating to the Govt Silk Weaving Factory & the College for Weavers. And wanted the rate of centage to be fixed. The D I Sc was consulted on this. Such centage is ordinarily levied only in connection with special establishment for new projects of irrigation etc. The D. I Sc has, as the analogy of the principle adopted in the PWD, proposed that 2% of the salary & allowances be fixed as cost of supervision in respect of these two factories. The factories are Commercial concerns and the centage proposed by the D I Sc may be allocated between the two factories in the proportion of 2:1

The case may be sent to the Dir. Dept for remarks.

Dir Dept may agree to the proposal at 2 above the analogy of para 12. Appx. 3 of the Madras Account Code, Vol. II does not exactly apply as in these cases, the percentage of the supervision charges is on the total works outlay. In the case of these concerns it is obviously not possible to fix centages on the works outlay of the factories filatures, and so it must be based on the approximate time spent by the D. I. & C. and his

To "A" D. A.S.

Please see note of the Fin Deptt at pp 11-12 above and the report of the DI & C at pp 11-12 above. The DI & C has suggested

(i) that the centage be fixed at 5% of his pay and T.A. for each of the two Filatures

(ii) that the Contingent charges may be omitted for the purpose of levy, and

(iii) that the Cost of the Staff in the Office employed in the work of the two filatures is Rs 2300/- (roundly) per annum.

Item (i) & (ii) above The amt. of pay and T.A at 5% roughly works out to Rs 1125/- per annum. Fin. may consider whether the levy on this basis would be sufficient with reference to the criterion suggested at 'X' on p 12 above.

Item (iii): The DI & C has not suggested the allocation of the Cost of the Staff between the two filatures for levy of Centage. The Govt. Silk Filature Factory Kollegal is expected to work with 500 basins ultimately though all the basins are not in Commission now, and the installation is not complete yet and the Kollegal Silk Filatures has 150 basins. It is submitted that the allocation of this cost may be in the proportion of 2:1 between the two Filatures.

allocation has to be decided by the Govt. as the Govt. must undertake the liability. The proposal is to be placed before the Minister

"A" If the above suggestions are approved, the centage leviable on the Govt. Silk Filatures Kollegal will be Rs 2658/- per annum and that on Kollegal Silk Filatures Rs 1892/- per annum. Orders are requested.

The case may be sent to Fin. Deptt for views.

The 5% of pay and allowances of the D.I. & C. suggested for each filature is on the basis of actual pay. Pay of the staff is calculated on the basis of average pay. No percentage on account of leave and pension is suggested. (As these are only indirect charges perhaps no charge need be levied on account of leave and pension).

The proposals of Develop... 'A' on p.13 above may be accepted.

2 In regard to the State trading schemes, a real profit or loss according to commercial accounting is not aimed at (+) the major head: indirect charges are not therefore exhibited under the new ~~scheme~~ head but such charges have, however, to be taken into ~~consideration~~ account in order to determine the prices of the products. The centages ~~will~~ in the case of both the filatures will be included in the cost of production. So far as the Govt. Silk Filatures, Kollegal, is concerned the maximum ceiling price has been abolished and the Govt. of India have agreed to our proposal to charge the net actual cost which will include cost on account of the supervisory staff. In arriving at the net actual cost the Centages will be included. The D.I.C. may also be informed specifically of this, if these are to be separately included.

For this purp... the appropria... leave & pensi... contribns or o... them should a... be include...
